The Nude Style and Design Vision

Contemporary.

One of our missions is to design and create collections of lead-free crystal glass specifically manufactured for the hotel and restaurant industry. Our focus is on delivering elegant, practical, and relevant solutions for the modern dining and entertaining experience. Nothing more, nothing less.

Simple.

Nude believes simple is beautiful, that form is function, and less is more. This is equally true when it comes to the way we do business. We like to build straightforward, simple, and long-term relationships serving the needs and requirements of everyone involved.

Sensuous.

Nude takes pleasure seriously and recognizes the importance of establishing a dynamic and vibrant atmosphere. Attention to detail is paramount, yet at the same time there must always be room for people to feel comfortable, to breathe. Nude glassware supports and embellishes rather than overwhelms; the immaculate crystal adding a sense of refinement and beauty to any environment.

Experimental.

Nude is never afraid to take risks. We feel it is the only way of creating something inspirational. Individuality is important, and Nude fearlessly investigates innovative ideas. We are constantly inquisitive and work hard to develop dynamic collaborations with artists and designers. At the same time, we make sure to retain a sense of simplicity and fun.

Style et vision conceptuelle Nude

Contemporain.

Nous avons entre autres pour mission de concevoir et de créer des collections de verres en cristal sans plomb destinés tout particulièrement à l'industrie hôtelière et à l'industrie de la restauration. Nous accordons la priorité à l'offre de solutions élégantes, pratiques et pertinentes qui créent une expérience gastronomique et divertissante moderne. Rien de plus, rien de moins.

Simple.

Nude croit à l'élégance de la simplicité, à la fonction de la forme et à la richesse de la sobriété. Il en va de même dans notre manière de faire des affaires. Nous aimons à établir des relations franches, simples et durables qui répondent aux besoins et aux exigences de chacun.

Sensuel.

Nude prend le plaisir au sérieux et reconnaît l'importance d'une ambiance dynamique et pleine de vitalité. Le souci du détail est d'une importance primordiale, mais il doit toujours laisser suffisamment de place pour respirer et être à l'aise. Les verres Nude assurent une fonction d'appoint et d'embellissement sans donner l'impression de surcharger le décor, auquel le cristal immaculé ajoute une impression de raffinement et de beauté.

Expérimental.

Nude n'a jamais peur de prendre des risques. À notre avis, c'est la seule façon de créer quelque chose d'inspirant. L'individualité est importante, et Nude explore les nouvelles idées avec témérité. Nous sommes incessamment curieux et consacrons des efforts soutenus à l'établissement de relations dynamiques avec des artistes et des concepteurs. Parallèlement, nous n'oublions pas de conserver un sentiment de simplicité et de divertissement.
