The fish skewer grill

Made entirely from stainless steel.
The inclination of the fish or grilled food is continuously adjustable.
All fish skewer grills are fitted with transport castors.

Swing barbecues

The tube around the circumference gives the grill stability and protects against contact with the hot emberbasin. The removable suspension pole makes it possible to use the base as a fire basin after barbecuing and to achieve a more pleasing ambience.

The barbecue grill can be removed with a handle for cleaning, barbecue grill and suspension pole are connected by a rotary link allowing a 360° rotation of the grill. An indispensable advantage for every barbecue champion.

Keep your
commercial kitchen
outdoors with
professional-grade grills.
